Autumn Tree Roll and Write Game by Nima Masghadi

- roll 5 dice

Each die must be given to one of five long branches, according to the following rules:
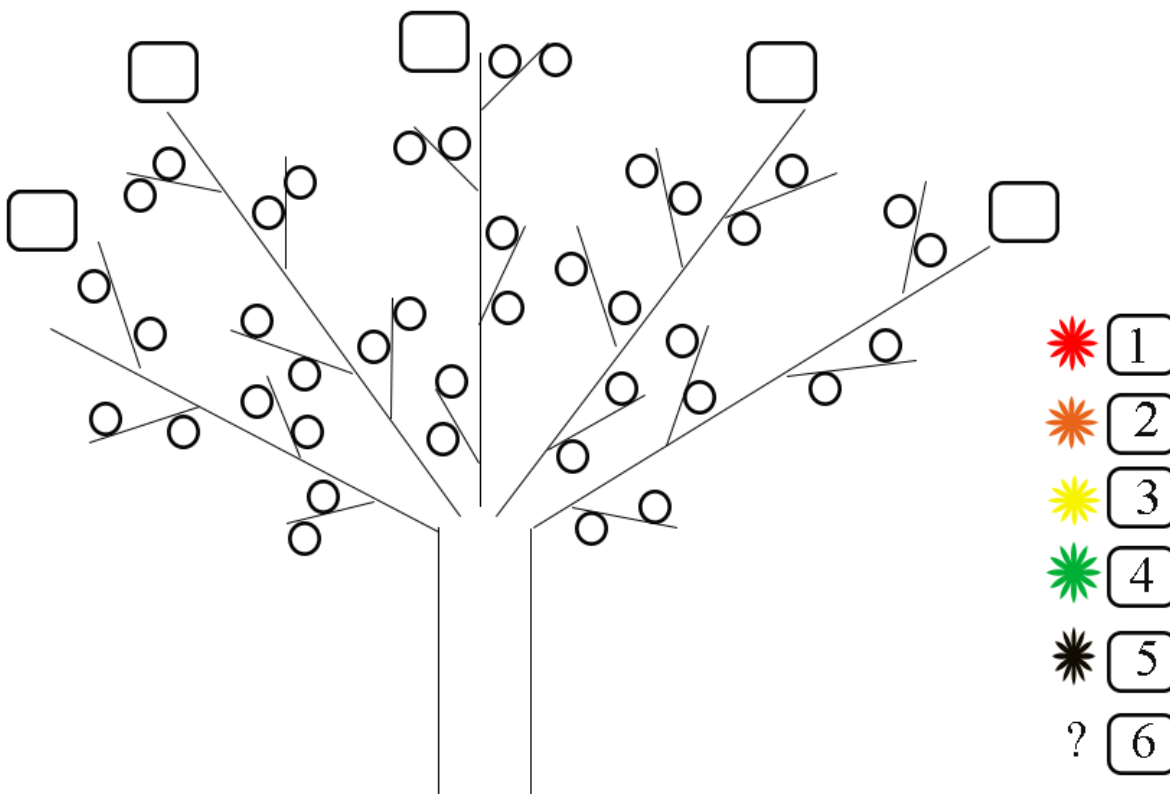

- If there are more than two 5, just use 2 of them and change others to 6
- Every short branch must not have a duplicate color
- The branches must be filled bottom-up (upwards) (both long branches and short branches)
- In each large branch, each color must be used exactly twice (except black that can be more than 2).
- You can assign dices in such a way that some of them cannot be used, for example if a small branch exist that has a black leaf, you can assign a 5 to that branch and because you cannot assign two identical colors to a short branch, you ignore that branch in this round.
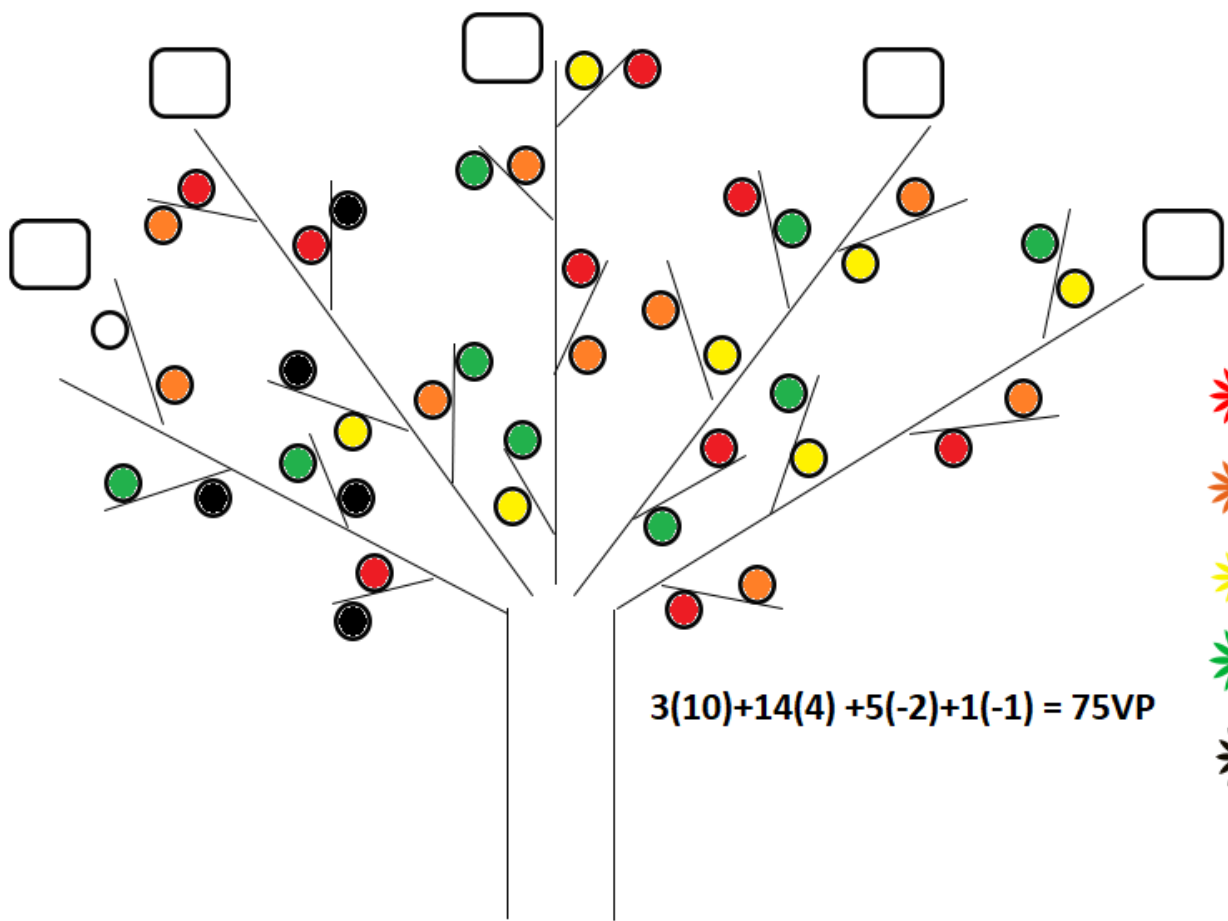

Dice resolution:

1- Red
2- Orange
3- Yellow
4- Green
5- Black
6- Wild (Choose a color)

Points (after 8 round):

- Every large branch with all its leaves colored and have no black leaf = 10 VP
- Every short branch with all its leaves colored and have no black leaf = 4 VP
- Every black leaf = -2 VP
- Every white leaf = -1 VP

3(10)+14(4) +5(-2)+1(-1) = 75VP
