

2-4 Players

Age 10+

Playtime:
10-25 minutes

Story

You are a street artist, trying to leave your mark on many walls of your city, and other cities around the world! Travel to New York, Paris, Rome and Belgrade, and tag the walls around the cities.

Setup

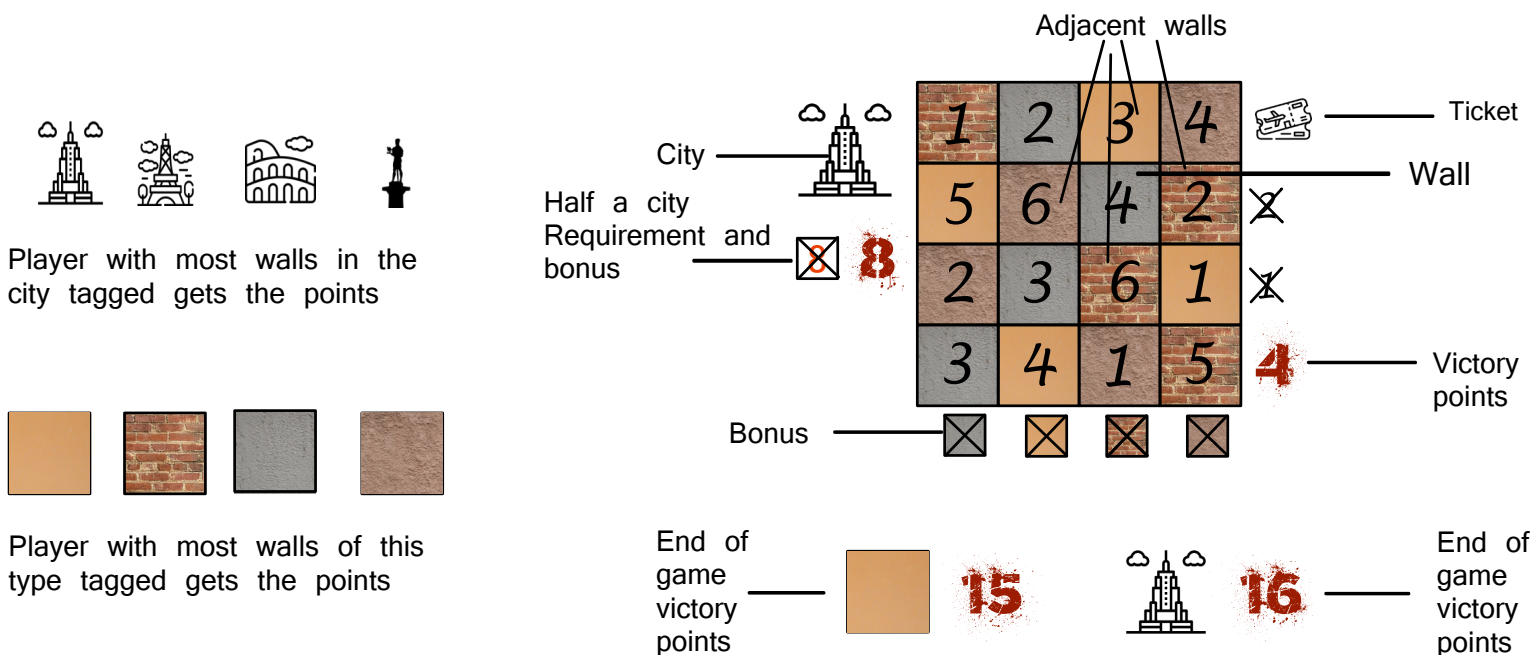

Take a number of dice equal to the number of players. At the start of the game one player rolls the dice. This is the dice pool. Each player chooses one of the cities to start at, and encircle it. First player is the last person to leave their signature somewhere.

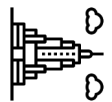

Game play

In a player's turn, they take one of the dice from the pool, and tags (crosses off) one of the walls (squares) in their city with that number. Then they turn that die to one of the numbers of the orthogonally adjacent walls to the tagged wall. If the player has tagged the whole row, column or square, they get its bonus. Then it's the next player's turn. If the player gets a ticket, they can go to a different city, and on the next turns they can tag any of their encircled cities. If a player has tagged half of the city, they get half a city bonus. If in your turn, you can't tag any walls (because numbers don't match), you can reroll all of the dice. If you still can't play, you skip a turn.

Game End

The game ends when one player gets 3 half a city bonuses. The player with most points is the winner.
